Person #2:

Name/Cell #/Email: _____

Gate Sentry is the visitor management system that allows you to add and manage your contact numbers, guests, and vendors for admittance to your residence

Access Control staff access your information via a Tablet at the guardhouse to grant access to your approved visitors to your residence

Once you **return this form to the guardhouse**, you will receive via email a welcome letter from Gate Sentry which supplies you with a personal access code needed to activate your new Gate Sentry account – **at least one email address above is required**

Once received, please create a Gate Sentry account by either visiting <https://portal.gatesentry.com> or by downloading the **Gate Sentry** app onto your phone

The information contained in this document will be held confidential and is for Access Control and HHCA Board of Directors use only.

Please print your name, sign and date below.
